

What You Will be Voting On:

As many of you may know, the last vote failed. While it received a majority of yes votes, it fell short of the required 2/3rds as stated by our Bylaws. The Board felt that if these two topics were separated, the dues increase would have passed. Therefore, we are putting it to the membership to vote on a dues increase **only**. The same proposed increases are being offered. This vote will only require a simple majority, 50.01%, threshold for passage. The dues increase will be applicable for the upcoming 2025 membership year and be reflected on the upcoming membership dues notice coming in late October.

Expect online voting for this increase to start Wednesday August 28<sup>th</sup> and finish Wednesday September 4<sup>th</sup>. The final in-person voting for this increase will occur on **September 5th, 2024 during the General Membership Meeting that begins at 7:00 pm.**

**THE PROPOSED INCREASES ARE:**
